**International Journal of Geographical Information Systems**

**Taylor & Francis, London, Washington, DC**

# Contents of Volume 8

## Number 1

**Editorial** i

**The systems integration problem.** D. J. Abel, P. J. Kilby and J. R. Davis 1

**Visibility algorithms on triangulated digital terrain models.** L. De Floriani and P. Magillo 13

**Nearest neighbourhood operations with generalized Voronoi diagrams: a review.** A. Okabe, B. Boots and K. Sugihara 43

**Probabilistic temporal GIS modelling involving more than two map classes.** K. E. Lowell 73

**Bibliography on spatiotemporal databases.** K. K. Al-Taha, R. T. Snodgrass and M. D. Soo 95

## Number 2

**Editorial** i

**Parallel terrain triangulation.** E. Puppo, L. Davis, D. de Menthon and Y. A. Teng 105

**Research Paper. Topological relations between regions with holes.** M. J. Egenhofer, E. Clementini and P. di Felice 129

**Towards a natural language user interface: an approach of fuzzy query.** F. Wang 143

**Relational spatial topologies for historical geographical information.** H. Raafat, Z. Yang and D. Gauthier 163

**Research Paper. GIS usability: recommendations based on the user's view.** C. Davies and D. Medyckyj-Scott 175

**Handling four-dimensional geo-referenced data in environmental GIS.** D. C. Mason, M. A. O'Conaill and S. B. M. Bell 191

**Research Paper. The predictive use of GIS to model property valuations.** P. Longley, G. Higgs and D. Martin 217

**Book reviews** 237

**Forthcoming events** 241

## Number 3

**Research Article. A query oriented implementation of a topologic data structure for 3-dimensional vector maps.** R. Rikkers, M. Molenaar and J. Stuiver 243

**Vector to raster conversion error and feature complexity: an empirical study using simulated data.** S. J. Carver and C. F. Brunsdon 261

**Research Article. Fuzzy set theoretic approaches for handling imprecision in spatial analysis.** D. Altman 271

**Research Article. Modelling inside GIS: Part 1. Model structures, exploratory spatial data analysis and aggregation.** M. Batty and Y. Xie 291

**Research Article. How effective are GIS in practice? A case study of British local government.** H. Campbell 309

**Forthcoming events** 327

## Number 4

**Research Articles**

**Line-of-sight communication on terrain models.** L. De Floriani, P. Marzano and E. Puppo 329

**Multistop-based measurements of accessibility in a GIS environment.** T. A. Arentze, A. W. J. Borgers and H. J. P. Timmermans 343

**Direct induction of compact rule-based classifiers for resource mapping.** J. R. Dymond and P. G. Luckman 357

**A land evaluation project in Greece using GIS and based on Boolean and fuzzy set methodologies.** D. A. Davidson, S. P. Theocharopoulos and R. J. Bloksma 369

**Review Article**

**Object-oriented approaches to geo-referenced information.** M. F. Worboys 385

**Announcement** 401

**Errata** 403

**Call for Papers** 405

**Forthcoming events** 407

## Number 5

**Research Articles**

**Simulating and mapping spatial complexity using multi-scale techniques.** L. De Cola 411

**Variable resolution block kriging using a hierarchical spatial data structure.** D. C. Mason, M. O'Conaill and I. McKendrick 429

**Modelling inside GIS: Part 2. Selecting and calibrating urban models using ARC-INFO.** M. Batty and Y. Xie 451

**Review Article**

**GIS in Bulgaria: development and perspectives.** D. Mikhova and J. Pickles 471

**Technical Communication**

**Areal interpolation of spatially extensive variables: A comparison of alternative techniques.** A. Moxey and P. Allanson 479

**Erratum** 489

**Forthcoming events** 491

## Number 6

**Research Articles**

**Storing and retrieving changes in a sequence of polygons.** T. Kämpke 493

**Parallelizing visibility computations on triangulated terrains.** L. De Floriani, C. Montani and R. Scopigno 515

**Analysing telemetry data with a GIS-based vector structure.** J. A. Bissonette, S. S. Sherburne and R. D. Ramsey 533

**Review Article**

**Justifying investment in GIS: a local government perspective.** L. Worrall 545

**Index of Authors** 567
